

CP45LS

45 x 45 mm Flush mount speaker

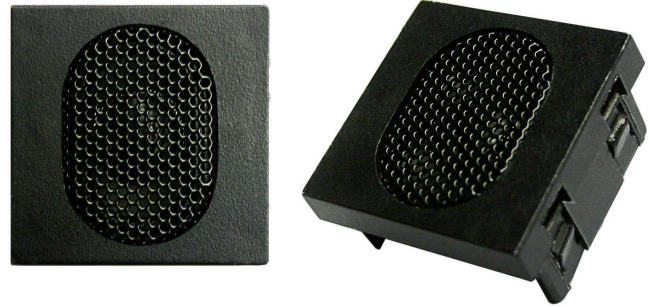

AUDAC

► Features

- 1 Watt / 1" Loudspeaker
- Flexible system
- Compatible with Audac, Niko, Legrand or other 45 x 45 mm installation materials
- Slim design
- Blends beautifully into walls
- Easy installation

► Applications

- Private houses
- Industrial buildings
- Offices
- Bars
- Clubs
- Restaurants

The AUDAC CP45LS is a tiny loudspeaker provided with a 45 x 45 mm housing, making it possible for installation with standard electrical installation materials such as cable ducts and flush mount or surface mount wall installation boxes.

The loudspeaker is capable of providing a clear and intelligible sound with an RMS power of 1 Watt, making it the perfect solution for applications where the cabling possibilities are limited and only a small power is required.

The loudspeaker is capable of providing a sound pressure level of 85 dB and has a frequency response ranging from 250 Hz to 20 kHz.

It can be used with AUDAC CP45CF coverplates, or in combination with Niko, Legrand or other 45 x 45 mm installation materials.

Available in Black (/B) and White (/W).
