KREIOS® G1 LED Image Projector and Accessories

Key Features & Benefits

- High powered LED system with dedicated optics deliver bright, crisp and uniform image at distances ranging from 6 to 25 feet
- Compact and lightweight design provides easy installation
- The 120º tilt and 360º pan allows for mounting in any orientation on floors, ceilings and walls
- Low heat output means only passive cooling is required and silent operation
- No UV/IR emissions eliminates the need for filters
- Do-it-Yourself replacement gobos can be printed by end user on transparencies
- Utilizes standard size E gobos at 1.5 in (37.5 mm) diameter
- Magnetic gobo holder for easy access and replacement
- Projector body colors are available in black or white
- 100V to 240V AC input

The OSRAM KREIOS G1 is an LED gobo image projector designed for a wide range of spot lighting applications that require especially bright images. The high powered LED light source and dedicated optical system delivers a crystal clear outline of the gobo with a homogeneous distribution of light across the entire image. KREIOS G1 is perfect for projecting messages, brand names and logos.
