

Samsung DB10D display

Gain usability and versatility with an expansive 10.1" screen

Highlights

- Experience the advantages of a highly-reliable professional-grade display backed by 2-year warranty.
- Boost power and functionality with the 2nd Generation Samsung SMART Signage Platform
- Project crisp, clear images with FHD output and a 450-nit brightness
- Simplify networking with a built-in Wi-Fi module
- Leverage the advantages of the global Samsung brand identity
- Gain added flexibility with a 10.1" screen
- Convey a high-tech image with a slim, sleek design

Rely on dependable Samsung professional-grade displays

Unlike consumer electronics which often results in shorter equipment life spans and malfunctions, Samsung small-sized displays are designed to withstand the rigorous work hours of a commercial environment. In addition, Samsung small-sized displays deliver effective messaging for your business with brightly lit screens and a slim & sleek design.

Provide crystal-clear picture quality and a sleek design in one display

Captivate customers with stunning FHD image quality and a slim, sleek design. These engaging displays project 450-nit brightness, and crisp, highly legible text for impactful message delivery. Samsung's picture quality enhancer with advanced features ensures unsurpassed color definition and contrast. And with their premium appearance, the DB10D conveys a high-end look in virtually any environment, enhancing a brand's image while providing an enjoyable user experience.

Empower with 2nd Generation SSSP and Samsung's respected branding

Experience unparalleled performance with Samsung's industry-leading 2nd Generation SSSP and powerful quad-core processor with SoC technology. Plus, eliminate the need for a separate PC or media player with the included MagicInfo Player S2 all-in-one, embedded content management solution.

The technological power of the DB22D-P is backed by Samsung's reputation for engineering reliable, cutting-edge digital signage. Its leadership in the industry has made it a global powerhouse in serving the B2B industry and a name that is trusted worldwide. .
