K 271 MK II

The **newly designed AKG legend, K 271 MK II** combines the benefits of AKG's circumaural design for extreme comfort and a **closed-back design for maximum isolation from ambient noise**. Thanks to its XXL transducers, the **K 271 MK II** sounds clean, smooth and very rich.

The **K 271 MK II** is the perfect choice for any application where sonic bleed could cause problems such as broadcast work. Another important feature of the **K 271 MK II** is the addition of a **switch in the headband** that **mutes the audio** just as soon as the **headphones are taken off**.

Item numbers:

K 271 MK II	2470X00190
EK 300	6000H10080 (Connecting cable: 3 m/10 ft.)
EK 500 S	6000H10100 (Connecting cable: 5 m/16.5 ft., coiled)
Earpads velvet (pair)	2955M10020
Earpads leatherette (single)	2058Z10010

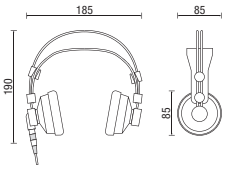

Type:	closed-back, dynamic headphones
Sensitivity:	91 dB/mW, 104 dB/V

K 171 MK II

The **newly designed K 171 MK II** combines the benefits of a **closed-back design** with the lightweight and comfort of **supra-aural** headphones.

The **K 171 MK II** is an excellent choice for DJ and broadcast applications where no sound can bleed from the headphones into live microphones. The closed-back, **loud and rugged design** gives the **K 171 MK II** a different low-frequency character and maintains its comfort and flexibility.
