- High-quality components and exceptionally rugged construction ensure long life
- 3-Year Warranty Program*
- Conceived and designed by BEHRINGER Germany

The 15-Watt AC108 guitar amp puts vintage tone and character into a lightweight and ultra-portable package. It's a beautiful-sounding amp for not only beginners in their bedrooms, but for seasoned performers who need that little something extra for their next gig. A hand-selected 12AX7 tube gives the AC108 its rich and warm sound. A powerful 20-Watt 8" speaker is provided for accurate tone and pristine sound reproduction, along with an ultra-musical 2-band EQ for fast and easy sound shaping. And for those times when you want to keep all this marvelous tone to yourself, we've included a separate headphone output.

True Tube Tone

The AC108 features one hand-selected 12AX7 tube in the preamp, giving it the rich, beautiful tone guitarists have cherished for decades. Tubes "warm up" a signal, gracing it with depth, character and harmonic overtones. When you crank the AC108's gain and strum aggressively, you will be rewarded with musical classic-rock overdrive. Back off the gain and you'll hear cleans that chime with heavenly clarity. That glowing 12AX7 under the hood makes it all happen!

VINTAGER AC108

15-Watt Vintage Guitar
Amp with Vacuum Tube

Classic Control

This 15-Watt guitar amp handles just like a relic of rock's early days, but with a few modern additions for increased tonal options. Plug into the ¼" instrument input, and adjust the Gain dial to push the tube into overdrive, press the Gain button for a more aggressive overdriven tone, then fine-tune your sound with the 2-band EQ (Bass, Treble) and Shift for mids with a more modern sound, and the Master dial to govern overall volume. A ¼" CD input allows you to play along with your favorite songs, and a ¼" headphone jack enables private practicing. A 20-Watt 8" vintage-tuned guitar speaker puts your best sound forward.

Sound Value

Whether you're a beginner buying for your first amp, or an old pro looking for something ultra-portable you can take on the subway, don't skimp on tone! The AC108 puts lovely vintage tone within everyone's budget. Plug into an VINTAGER AC108 at your nearest BEHRINGER dealer – or place your order online today!

You Are Covered

We always strive to provide the best possible Customer Experience. Our products are made in our own MUSIC Group factory using state-of-the-art automation, enhanced production workflows and quality assurance labs with the most sophisticated test equipment available in the world. As a result, we have one of the lowest product failure rates in the industry, and we confidently back it up with a generous 3-Year Warranty program.
