EUROLIVE B212XL

800-Watt 2-Way PA Speaker System with 12" Woofer and 1.75" Titanium Compression Driver

- High-power 2-way PA sound reinforcement speaker system for live and playback applications (200 Watts Continuous / 800 Watts Peak Power)
- Ultra-compact and light weight system delivers excellent sound even at extreme sound pressure levels
- Extremely powerful 12" long-excursion driver provides incredibly deep bass and acoustic power
- State-of-the-art 1.75" titanium-diaphragm compression driver for exceptional high-frequency reproduction
- Ultra-wide dispersion, large-format exponential horn
- Overload-protection circuitry ensures optimal HF driver protection
- Versatile trapezoidal enclosure design allows different positioning:
  - Stand mounting with 35-mm pole socket
  - Tilts on its side for use as a floor monitor
- Ergonomically shaped handles for easy carrying and setup
- 2 professional speaker connectors plus ¼" jack connectors
- 3-Year Warranty Program*
- Conceived and designed by BEHRINGER Germany

EUROLIVE B212XL loudspeakers are exactly what you've come to expect from BEHRINGER – 800-Watt power handling capacity, more features and absolutely more affordable! And thanks to their extremely powerful, 12" long-excursion Low-Frequency (LF) and state-of-the-art 1.75" titanium-diaphragm High-Frequency (HF) compression drivers, plus integrated overload protection circuitry – they arrive ready to push it to the limit right out of the box. These professional loudspeakers are destined to become legends in their own right, alongside the other EUROLIVE models that have made BEHRINGER the world leader in active loudspeakers.

Custom-Engineered Transducers

Our LF and HF transducers are designed specifically for each application – it's what sets us apart from the competition. When you buy a BEHRINGER loudspeaker, you can rest assured that the transducers inside have been engineered to perform flawlessly in conjunction with every other element for truly professional results. B212XL loudspeaker systems crank out massive quantities of low end, with articulate, detailed mids and crystal-clear highs.

EUROLIVE B212XL

800-Watt 2-Way PA Speaker System with 12" Woofer and 1.75" Titanium Compression Driver

Big Sound, Lightweight and Affordable

Big here, small there, lots of this, just a touch of that – we all have our own personal preferences, but the EUROLIVE B212XL puts it all in one convenient, easy to carry package. These loudspeakers really pack a punch and handle up to 800 Watts. Recessed handles and ultra-light weight make them easy to lift and transport (24 lbs/10.89 kg), and B212XL loudspeakers sound great and are supremely affordable.

Extraordinarily Versatile

Thanks to their trapezoidal shape, B212XL loudspeakers are suitable for a wide variety of applications. They can be mounted on standard speaker poles, placed vertically atop subwoofers, or even laid on their side for use as onstage monitor wedges. Their extraordinary fidelity and frequency response make them a favorite of vocalists and instrumentalists alike. Each loudspeaker features parallel inputs (both professional twist-lock and ¼" cable), so you can connect as many as your power amp can handle.

Choose White, Black, on or off the Wall…

You asked for it and now we offer these amazing loudspeakers in either black or white, with or without matching swivel, wall-mount brackets. That means your B212XL Series system is ideally suited for your venue's color scheme and layout. No matter what your sound or aesthetic needs, we make a great-sounding loudspeaker that's just right for you!

Which Speaker Should I Buy?

Well, let's start with your application… are you giving a speech in a hotel ballroom – or rocking out at the local bar or dance club? Whether to choose one speaker cabinet over another depends on your bass requirements. A 15" woofer has about 40% more surface area with which to move air than a 12" and that translates into more bass. So if you're addressing a small meeting, jamming at the coffee house or crooning at the piano bar, the B212XL might be all you'll ever need. But if you're providing disco in a busy nightclub, hosting Karaoke night in your living room – or just need to crank it up louder, the B215XL may be a better choice.

Sound Value

EUROLIVE PA loudspeakers stand head and shoulders above the rest of the pack and deliver exceptional performance, even when pushed to their limits. Lightweight and powerful, with custom-designed transducers, massive power handling and extreme portability, B212XL loudspeakers are ideal for both speech and music applications – at a price that is unheard of in this class.

Experience the B212XL at your local dealer today and find out why more and more professionals are turning to BEHRINGER EUROLIVE XL Series loudspeakers for their superb performance and extraordinary value.

You Are Covered

We always strive to provide the best possible Customer Experience. Our products are made in our own MUSIC Group factory using state-of-the-art automation, enhanced production workflows and quality assurance labs with the most sophisticated test equipment available in the world. As a result, we have one of the lowest product failure rates in the industry, and we confidently back it up with a generous 3-Year Warranty program.
