Compact PA Systems

EUROPORT EPA150

Ultra-Compact 150-Watt 5-Channel Portable PA System with Digital Effects and FBQ Feedback Detection

- Ultra-compact 2 x 75-Watt, 5-channel portable PA system in a briefcase format
- System sets up in seconds—perfect for entertainment, multi-media presentations, press conferences, board meetings, etc.
- Enormous power, incredible sonic performance and super-light weight
- Studio-grade 24-bit stereo FX processor with 100 awesome presets including reverb, chorus, flanger, delay, pitch shifter and various multi-effects
- Revolutionary FBQ Feedback Detection system instantly reveals critical frequencies for easy feedback removal
- 2 “Invisible” mic preamps with phantom power for condenser microphones, 1 mic/inst channel and 1 stereo channel with separate CD input
- Stereo 7-band graphic EQ allows precise frequency correction of main outputs
- Comes with one BEHRINGER XM1800S microphone, mic clip and cable
- Compact speakers contain powerful 4" woofers and a 1" tweeter, 17 mm stand insert suitable for use with standard microphone stand and come with 12' cables
- Integrated storage compartment for microphone, cables, and accessories

The EUROPORT EPA150 packs amazing sound quality into a compact, portable briefcase-style 150-Watt PA system that is incredibly fast and easy to set up. Whether you’re using it for a corporate event, seminar or are a working musician, you’ll have inputs for 2 microphones, your mp3 player, or up to 5 musical instruments.

This powerful little marvel also features our studio-grade 24-bit stereo FX processor – and our handy FBQ Feedback Detection System for feedback-free crystal clear sound. We’ve even included a professional-grade XM1800S microphone and all the cables and accessories you’ll need – so you’re ready to go, out of the box!

Compact PA Systems

EUROPORT EPA150

Ultra-Compact 150-Watt 5-Channel
Portable PA System with
Digital Effects and
FBQ Feedback Detection

- "Planet Earth" switching power supply for maximum flexibility (100 - 240 V~), noise-free audio, superior transient response plus low power consumption for energy savings
- 3-Year Warranty Program*
- Conceived and designed by BEHRINGER Germany

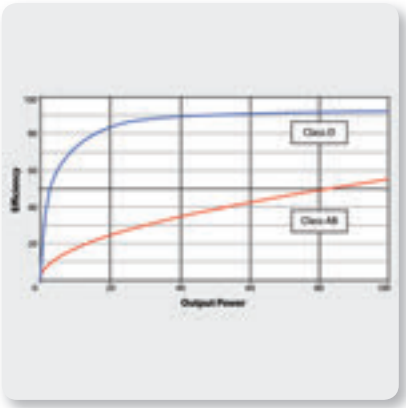

Huge PA Sound, Fast Setup

Armed with 150 Watts of massive output power, the EPA150 sets up in just minutes and provides room-filling sound, all in a rugged, carry-on style briefcase that is perfect for everything from parties to press conferences to sporting events. Everything you need is included in a convenient and easy-to-use package: two detachable speakers; a high-quality 5-channel mixer; a BEHRINGER XM1800S microphone with a 20' cable and clip; plus two speaker cables so you are ready to go.

More Power – Less Weight

Thanks to our revolutionary amplifier technology, EUROPORT portable sound systems offer a much better power-to-weight ratio than competing systems. Without getting too technical, you get all the power – without the weight of traditional amplifiers. Due to its high-efficiency design, the amplifiers in the EPA150 crank out 150 of the cleanest, punchiest Watts you've ever heard.

FBQ Feedback Detection

The Sweet Sound of Reverb, or Delay, or…

If you're making a speech, chances are you won't need it, but if you're playing a musical instrument and/or singing, you might want to add some effects. So, we've included a 24-bit stereo FX processor with 100 great-sounding presets including reverb, chorus, flanger, delay, pitch shifter and various multi-effects to sweeten your performance.

FBQ - Totally Feedback-Free

For more than 20 years, BEHRINGER has designed and manufactured some of the most successful FBQ Feedback Elimination processors. Now you can own and enjoy the benefits of this technology, as we have integrated the revolutionary FBQ Feedback Detection System in this product, so your sound system is completely feedback-free, allowing you to focus on your performance. Utilizing an ultra-fast feedback detection system, this ingenious circuitry helps you recognize and tame feedback frequencies immediately. When feedback is sensed in a specific frequency range, the LED on the associated EQ fader illuminates, showing you at a glance which fader to lower to overcome the feedback. That simple!

Everything You Need is Right Here

The EPA150's two high-quality, detachable loudspeakers and our great-sounding XM1800S microphone (with all the cables and accessories) complete this amazingly powerful and versatile portable PA system. Everything packs neatly away into one ultra-lightweight "take-it-with-you" suitcase-style format.

The Perfect PA for You

The EUROPORT EPA150 has everything you need for virtually any small to medium-size gathering: a lightweight, yet powerful 5-channel mixer-amplifier that accommodates two microphones, your MP3 player, or up to five musical instruments. All of which can be finely tuned by the on-board, stereo 7-band graphic EQ with the assistance of FBQ Feedback Detection.

Small…But Mighty!

Put simply, the EUROPORT EPA150 is the ideal compact portable, mobile PA solution for schools, gyms, aerobics instructors, musicians and much more. Its detachable loudspeakers feature great-sounding 4" woofers and 1" tweeters for articulate midrange and crystal-clear high-frequency reproduction. Thanks to the EPA150, putting on a show, a presentation, or hosting your next party just got a whole lot easier! Visit your local dealer and get your hands on one today!

You Are Covered

We always strive to provide the best possible Customer Experience. Our products are made in our own MUSIC Group factory using state-of-the-art automation, enhanced production workflows and quality assurance labs with the most sophisticated test equipment available in the world. As a result, we have one of the lowest product failure rates in the industry, and we confidently back it up with a generous 3-Year Warranty program.
