- Conceived and designed by BEHRINGER Germany

Whether you're mixing a recording, monitoring a bass line – or just sitting back enjoying your favorite MP3, you want headphones that deliver high-definition bass and super-transparent highs across an ultra-wide dynamic range. Our HPS3000 headphones feature high-efficiency cobalt capsules that provide incredible high-resolution performance – at a price that is very kind to every budget!

Let Them Blow Your Mind

HPS3000 headphones provide everything you need for comfortable listening. The oval-shaped ear cups contain high-efficiency cobalt capsules that deliver powerful, high-definition bass and crystal-clear highs, while respecting even the most-subtle nuance of your sound. HPS3000 phones also feature: a single-sided cord with oxygen-free copper wire, that is extremely resistant to tangling; an ultra-comfortable headband; and a ¼" adapter for the ⅛" connector, making them totally compatible with everything from your smartphone – to your mixing console.

You Are Covered

We always strive to provide the best possible Customer Experience. Our products are made in our own MUSIC Group factory using state-of-the-art automation, enhanced production workflows and quality assurance labs with the most sophisticated test equipment available in the world. As a result, we have one of the lowest product failure rates in the industry, and we confidently back it up with a generous 3-Year Warranty program.
