UCA222 USB Audio Interface

The U-CONTROL UCA222 allows you to connect instruments and other audio devices to your computer, effectively merging the analog and digital worlds. It accomplishes this via 2 analog mono Inputs and Outputs (for monitoring), USB connectivity – and an additional S/PDIF optical output. The stereo headphone output features a dedicated level control and lets you listen to both the input and output.

XM8500 Microphone

The ULTRAVOICE XM8500 dynamic microphone is a performing or home recording enthusiast's dream come true! This professional-quality microphone is designed to capture your sounds with outstanding sensitivity and accuracy. With a cardiod pickup pattern for excellent sound source separation and feedback rejection, this ultra-wide frequency response mic is an excellent choice for any performing or recording scenario – and it's rugged enough to go the distance! With its integrated shock mount system, mic stand adapter, spherical wind and pop filter, all in an impact-resistant carrying case – the XM8500 just may be the only microphone you will ever need.
