MIDAS - The Legend in Sound Quality

Ever since its formation in the 1970s, MIDAS has had a long history of innovation and leadership in the world of audio mixing consoles. Employed by the most famous touring acts and installations world-wide, legendary MIDAS consoles such as the XL4 and Heritage H3000 quickly became industry standards.

MIDAS has earned their impeccable reputation due to their no-compromise approach for audio and build quality and in particular for their Award-winning Mic Preamps which are considered by industry experts as the industry's best sounding designs. Building on this legacy, the XL8 and PRO Series of Live Mixing Systems continue this great heritage of Award-winning audio quality.

BEHRINGER is proud to incorporate a MIDAS designed mic preamp for the ultimate in high-quality audio reproduction in both live and studio environments. Find out more about MIDAS' amazing legacy by visiting their extensive website.

"Zero-Latency" Monitoring

The UMC404 mix control allows zero-latency direct monitoring, which means musicians can experience their performance clearly – with no delay or lag in the returning signal, resulting in a better performance and recording. A powerful phones output has its own level control and Monitor A/B source select for DJ-style cueing. To make it a done-deal, we provide free audio recording, editing and podcasting software, plus 150 instrument / effects plug-ins – just a download away at behringer.com.

Getting Connected

On the rear panel of the UMC404, you'll find the USB 2.0 port for simple and easy connection to your computer, along with plenty of analog playback options including ¼"TRS, RCA and XLR. The UMC404 also features 4 analog Inserts for use with external effects such as compressors, gates and EQs, etc. Built-in MIDI I/O allows you to connect keyboards and all your favorite outboard MIDI hardware.

Tracktion - Record, Edit, Mix and Share

Tracktion is one of the world's fastest and easiest Digital Audio Workstations (DAW) for composing, recording, editing, mixing and sharing your music with the world. Featuring a single-screen interface, and pushing the envelope in design elegance, Tracktion brings together outstanding Pro DAW features, such as dynamic automation, unlimited track count, MIDI recording and support for VST and AU plug-ins. This powerful music production software gives you all the tools of an entire professional-grade recording studio. Learning a DAW has never been easier, thanks to their vast and readily available library of resources.

As our way of saying "Thank You", when you register your (insert the product name) at behringer.com, we'll reward you with a complimentary download code for the full version of Tracktion 4. Recording and editing couldn't be easier. To learn more about Tracktion, visit http://www.tracktion.com/support/videos.
