# QW® 4F

## OVERVIEW

Peavey designed the QW® Series for pristine audio reproduction in the high-end productions and large venues. QW enclosures include advanced audio technology and components such as our exclusive Quadratic Throat Waveguide™ horn, 44XT™ titanium diaphragm compression driver and Pro Rider® and Low Rider® woofers, plus very low power compression, low distortion at high output levels, GatorHyde® exteriors and 16-gauge powder-coated, perforated steel grilles. All full-range top boxes include versatile flying points.
