MZTX 31
MZTX 31 PTT XLR tablestand

FEATURES

- Sturdy and elegant tablestand for MZH goosenecks
- Mic button and status LED
- Operating mode switch on/off and PTT

The MZTX 31 is a sturdy and elegant tablestand for connection and operating the MZH goosenecks. For mobile applications this is an easy way to mount a gooseneck, where it is needed. The MZTX 31 is a stable basis for one gooseneck. The MZTX 31 PTT provides a button to activate the microphone. A switch on the rearside of the MZTX 31 PTT allows to change the operation mode from on/off to push-to-talk, the microphone status is indicated with a LED light. Both variants come with a non reflective black or Nextel grey coating.

ARCHITECT'S SPECIFICATIONS

A table stand for mounting and operating of XLR goosenecks shall be sturdy and unobtrusive. A XLR-3F connection is provided on top, on the rearside a XLR-3M conntection is supplied to attachment of a XLR microphone cable. For operation of the microphone a button with status indication light shall be provided. The button shall work in two operating modes, push-to-talk or on/off. The operating mode can be selected with a switch on the rearside of the table stand. The coating of the shockmount shall be a non reflective black. The table stand shall be Sennheiser MZTX 31 PTT.
